

# Colombia 2024

Truly rich people have the privilege of getting rewired back to nature. The rest stays in the metaverse.

Amsterdam, NL

## **Overview**

Brothers and sisters, get ready for an exhilarating adventure of a lifetime! 🌟 In this very unique

opportunity, we're embarking on a journey to explore three absolutely vital regions of this incredible country!

 First up, down in the enchanting south lies **Putumayo**, the very land where Terence McKenna himself received his first divine visions. Brace yourselves as we immerse into the vibrant cultures of the Cofan and Siona indigenous tribes, unlocking the secrets of their ancient wisdom!

 Moving on to **Risaralda** and **Caldas**. These regions boast the richest, most fertile soil you can imagine, nurturing the very lifeblood of Colombia - the finest cacao and coffee plantations. And it's all thanks to the volcanic soil of the mighty *Nevado del Ruiz!* where we will trace the ancestors of the Quimbaya people!

 Lastly, we're heading to the captivating Caribbean side in **Magdalena**. Here, we'll find the majestic Kogi

tribe and journey to the awe-inspiring *Lost City*. But that's not all! Our adventure continues as we delve into the mysteries of the local indigenous tribes, connecting with their traditions and stories that have endured for generations.

## The Journey

1. It begins on 2nd of January 2024, we will all meet at El Dorado international airport in Bogota. And on that very day, we'll embark on our journey to Mocoa, Putumayo, where we'll lay our heads to rest in a cozy hotel, because, let's face it, a good night's sleep is crucial for what lies ahead!
2. Over the course of five unforgettable days in the breathtaking surroundings of Mocoa, Orito and Puerto Asis, we'll immerse ourselves in the vibrant cultures of the Cofan and Siona tribes, where we'll have the incredible opportunity to participate in numerous indigenous ceremonies. And, as if that

weren't enough, we'll explore the ecological wonders of the region, including the mesmerizing *Hornoyaco* waterfall! 🌿☀️.

3. On the 7th of January 2024, we're heading to Santa Rosa De Cabal in the captivating region of Risaralda. We will dive into rejuvenating hot spring water spas and immerse ourselves in the captivating world of the Quimbaya people!

4. On the 10th of January 2024, we're setting our course for the mesmerizing Caribbean Sea. There, we'll embark on a thrilling four-day pilgrimage to uncover the secrets of the Lost City and connect with the incredible local indigenous tribes! 🌊🏝️

5. Early on the 15th of January 2024, we'll make our way back to Bogota, where we'll bid farewell to the extraordinary journey. We'll part ways, each of us carrying memories and experiences that have forever changed us.

## How much does it cost?

Our goal is to make the most cost-effective travel arrangements possible. Achieving this requires careful budget optimization as a group rather than pursuing individual bookings, as it grants us access to various discounts and savings opportunities.

### £86 daily average per person

This comprehensive price includes all your essential daily expenses: accommodation, vegan/vegetarian meals, local transportation, access to ecological tourist attractions, and participation in indigenous ceremonies. The total cost for the entire 15-day trip comes to approximately £1.3K, with the exception of your flight to Colombia, which is not included.

## Things to consider

### I. Physically prepared

When we venture into the territories of remote indigenous tribes, be prepared for jungle treks that can last up to 4 hours. Embrace the wild side as we hike through lush forests, where you might just encounter some incredible wildlife along the way. It's all part of the thrill! 🌿

### II. Experience with plant medicines

During our journey, we'll be immersing ourselves in a series of indigenous ceremonies, which involve the use of fascinating natural medicines like: Chichaja, Yage (Ayahuasca), Rapé, Yopo, Ambil, Mambe, Bufo, Kambo, Ortiga, Sananga, and more... To make the most of this incredible opportunity, we do expect you to have some basic knowledge and prior experience with some of these medicines. It's going to be a transformative ride! ✨

### III. Super Lightweight luggage

We're talking bare essentials here. A trusty backpack is your best companion; it's all you'll need. We'll be on the move, switching transport methods and tackling hikes where space is tight, and guess what? You're the boss of your own gear. So, be wise when you're packing your bag – keep it smart and sleek. It's all about traveling light and staying agile!

### IV. Referrals only

While we'd love to have everyone join us, this time around, we're keeping it a bit exclusive and inviting only those who come through referrals. So, if you happen to know one of our organizers and want to hop on board, just shoot us an email at **[contact@pmyth.com](mailto:contact@pmyth.com)**. We can't wait to have you with us! 😊🌟

This is all for now... Ahoo!
